AFFIDAVITS TO BE FILED IN U. S. COURT

Cripple Creek Assayers Are Alleged to Have Violated Federal Injunction

PURCHASED ORE ILLEGALLY?

Close Watch Maintained on So-Called Highgraders—Attorney Frost Active

Affidavits have been prepared ... [illegible] ... Creek district, certifying that ... assayers ... district have violated the order of the United States district court ... purchasing ore except under ... conditions. The affidavits have ... sworn ... filed with ... R. E. Lewis ... federal court ... or tomorrow, it is said.

... injunction against some of the ... highgraders in the Cripple Creek district was issued by Judge ... as a result of a petition filed ... 1911 by the Portland ... Mining company, the ... Mining company and the Stratton's Independence, limited, and it restrains them from purchasing ore ... they have submitted it to the superintendents of the plaintiff companies or to Secretary D. D. Woodruff of the Mine Owners association.

A number of the alleged highgraders ... suspected of violating the injunction shortly after it was issued, and a close watch has been kept on them. ... Several days ago Mr. Frost went to Cripple Creek and secured affidavits against at least three of the ... and it is said that he will have several more before he files them with the federal court.

Alleged Bought Stolen Ore.

The bill of complaint filed by the companies last November charged that the defendants had been in the habit of purchasing, at a discount, high-grade gold ore from the employes of the complaining companies and other companies of the district; that the ore was immediately crushed or reduced and sold to the United States mint or to smelters. It is said that the defendants, or some of them, had been acting as assayers and that in that capacity they had bought, at night, from mine employes or their own agents who had bought from such employes, as much high-grade gold ore as the employes had been able to steal and conceal about their persons from time to time.

The complaint stated that the loss to the mine owners in the district through high grading in 1911 was in excess of $750,000, and that the plaintiff companies alone had been losing upward of $8,000 a month through the "receivers" and their agents.

Criminal action had been brought against those believed to be guilty, but owing to certain local conditions in the Cripple Creek district, conviction was impossible. The matter was then taken before a court of equity in the absence of an adequate remedy at law.

Frost probably will return to Colorado Springs today, and go to Denver either tonight or tomorrow morning to file the affidavits.

AMBASSADOR WILSON'S WIFE GOES TO BEDSIDE OF SICK SON

MEXICO CITY, April 4.—Mrs. Henry Lane Wilson, wife of the ambassador, left tonight for Ithaca, N. Y., where her son, Warden, a student in Cornell university, is seriously ill. The ambassador caused to be published private cablegrams from President Schurman, to allay any possible alarm to Americans in Mexico growing out of the departure of Mrs. Wilson.

Sir Bertram Dawson and Lady Dawson. ... [illegible] ... King George of England ... [illegible] ... greatest in the world. ... [illegible] ... surgical science.

ROOSEVELT HITS AT OPPONENTS IN SOUTH

Appeals to Parkersburg, W. Va., People to Work Against Unfair Methods

PARKERSBURG, W. Va., April 4.—Striking severely at his political opponents here, Colonel Roosevelt charged them in a speech tonight with using unfair methods in an effort to defeat him at the convention soon to be held in this city.

The former president said he had been informed that plans were being made to take the ... convention against him in spite of the fact that it had been represented to him that a large majority of the people were on the Roosevelt side. The colonel appealed to the people to do all that lay within their power to make the convention a fair expression of the popular will.

Colonel Roosevelt's speech was delivered at the close of the second day of his campaign in West Virginia and Kentucky. He remained in Parkersburg five hours during which he made two speeches.

Colonel Roosevelt dealt at length on what he said he regarded as the fundamental issue in this campaign. The issue, he said, was best expressed in the sentence which he is now interjecting into almost every speech, to the effect that the country must be a pretty good place for all of us if it is to be a good place for any of us.

He argued, as he did in Louisville last night, that to insure the happiness and prosperity of the ... it is necessary that the people control the machinery of government more directly.

Colonel Roosevelt spent the day before reaching Parkersburg in riding along the south shore of the Ohio river. Reaching Cincinnati early this morning, he turned eastward traveling across Kentucky and West Virginia.

Several times during the day the colonel was called from his car to make short speeches to the crowds at the stations.

EX-GOV. AYCOCK DIES AS MAKING ADDRESS

Former Governor of North Carolina Was District Attorney Under Cleveland

BIRMINGHAM, Ala., April 4.—Former Gov. Charles B. Aycock of North Carolina dropped dead at the Jefferson theater here tonight while addressing the Alabama Educational association.

Mr. Aycock had been speaking but a few minutes when he staggered back a step and fell to the floor ... those on the stage were unable to reach him in time to support him. He died almost instantly.

Governor O'Neal of Alabama and other men prominent in educational circles in the south were seated on the stage during ... address ...

Mr. Aycock was born in Goldsboro, N. C., in 1859, and for years had been one of the leading lawyers of the state. He was district attorney under Cleveland and was elected governor for four years in 1900. A widow ... survive him.

Presidential Aspirants Gather in Washington

WASHINGTON, April 4.—The circle of presidential candidates ... within the ... of Washington ... was made complete today when Governor Woodrow Wilson of New Jersey ... in the capital.

Within the ... Governor Harmon of Ohio and Colonel Roosevelt ... paid short visits to Washington ... all of the other candidates ... parties are temporary residents of the capital.

Governor Wilson left ... for Chicago ... prominent Democrats ... senate. He was met at the train today by Senator ... of Nevada. At a downtown hotel he later talked with more than a score of members of congress.

EXTENSION OF CLASSIFIED SERVICE TO POSTMASTERS RECOMMENDED BY TAFT IN A MESSAGE ON ECONOMY

WASHINGTON, April 4.—President Taft today submitted to congress a message in which he made strong recommendations bearing upon greater efficiency and economy in the methods used in transacting the public business of the various executive departments and other governmental establishments.

The president referred to "the advantages to be derived from placing in the classified service the local officers of the departments of the treasury, of the postoffice, of justice, of the interior and of commerce and labor." He stated that "indirectly the change proposed will result in the saving of millions of dollars to the public ... besides greatly increasing the efficiency of the service effected."

The message in part follows:

"On January 17, last, I sent a message to the congress describing the work of the commission appointed by me under authority of the acts of June 25, 1910, and March 4, 1911, making appropriations to enable me to inquire into the methods of transacting the public business of the various executive departments and other governmental establishments and to make a report as to improved efficiency and greater economy to be obtained in the expenditure of money for the maintenance of the government."

The message stated that the president had received the recommendations of the heads of the departments on the reports of the commission and the president added: "I transmit this message for the purpose of expressing my approval of the changes recommended by the commission and of laying before the congress the reports prepared by the commission.

"I have several times called attention to the advantages to be derived from placing in the classified service the local officers under the departments of the treasury, of the postoffice, of justice, of the interior and of commerce and labor. In my message submitted to the congress on January 17, I referred to the loss occasioned to the government because of the fact that in many cases two persons are paid for doing the work that could easily be done by one."

The president in his message stated that the loss on this account had been

COLLEGE AGAIN DEFEATS D. U. IN ANNUAL DEBATE

For the second consecutive year the Colorado college debaters won the decision by a two to one vote in the annual debate with Denver university in Denver last night, upholding the negative of the question "Resolved That the Recall Should Be Applied to the State Judiciary." The following represented Colorado college: Walter C. Barnes, Rowe Rudolph and Fred P. Storke. Donald Ogilvie accompanied the team as a substitute.

The university of Denver was represented by Carl Wettengel, John Chittenden and William Whitford. The judges were Hugh McLain, a graduate of Colorado college and lecturer on law in Denver university, the Rev. C. W. Evans and the Rev. C. B. Wilcox. They had not been selected until the Colorado college debaters arrived in Denver last night.

The judges gave their decision on a basis of clearness of argument and the inability of the affirmative to show that the recall would not undermine the independence of the judiciary. The winning team was coached by Professor James W. Park of Colorado college.

BRIG. GEN. CAREY, RETIRED, IS DEAD

ORLANDO, Fla., April 4.—Brig. Gen. Asa B. Carey, U. S. A., retired, died at his winter home here this afternoon. He was paymaster general of the army during the Spanish-American war.

General Carey is survived by a widow and two children, Capt. E. C. Carey, First infantry, and a daughter, the wife of Major W. P. Walker, engineer corps. The ... will take place here next Tuesday.

MALCONTENTS FORCED TO KISS FLAG

Armed Citizens of San Onofre, Cal., Humble Industrial Workers of World

STRIKE IS NOT SPREADING

Efforts of Organization to Tie Up Railway Construction Fail

SAN DIEGO, Cal., April 4.—Nearly ... Industrial Workers of the World, ... of whom admitted that they were anarchists knelt on the ground and kissed the folds of an American flag at an early hour today near San Onofre, a small settlement a short distance this side of the Orange county boundary line. The ceremony, which was most unwillingly performed, was witnessed by 46 deputy constables and a large body of armed citizens of San Diego. The men who were thus forced to show respect to the national emblem composed the party that left Santa Ana on a freight train the night before and whose coming was awaited by the deputies and armed citizens who had gone out in automobiles to meet them and drive them back.

The Industrial Workers were stopped at San Onofre and detained there until this morning. After the flag kissing, the Industrial Workers were divided into squads of five and placed in charge of details of deputies. Then the march to the line was started and the procession moved to the tune of "The Star Spangled Banner" in which the Industrial Workers were compelled to make at least a show of joining. At the Orange county line the men who had come from Santa Ana were given a parting warning to keep out of San Diego county. They started north on the railway track.

"Revolution" Not Spreading.

SEATTLE, Wash., April 4.—Dispatches from British Columbia and Washington points where the Industrial Workers of the World have undertaken to tie up construction of two ... railways and ... that the ... all the ... in progress. The Grand Trunk Pacific men are still at ... along the ... has disbanded the ... Norwegian strikers, who ... The strikers ... that the proprietors of these ... are determined to build ... this year. Hence the ... to bring ... time.

Washington ... more ... depression and the Industrial Workers have taken advantage of the ... in their attempted tieup.

The Industrial Workers, in spite of the attempt of citizens committees to drive them out of the Grays Harbor towns, are still in the field and aggressive. Efforts to induce the Grays Harbor loggers and the employes of a large mill at Tacoma to strike have failed. The trouble on the harbor began last winter with the campaign of citizens against street speaking in Aberdeen.

The Industrial Workers are on bad terms with the regular trade unions and the Socialists and so far have been unable to cause strikes in any of the large northwestern cities.

ABERDEEN, Wash., April 4.—The American mill, scheduled to resume work today, did not start owing to the lack of men. Next Monday efforts will be made to place practically every mill in Aberdeen and Hoquiam again in operation.

Members of the Industrial Workers of the World are riding the brake beams of freight trains into town. William D. Haywood is expected here tomorrow.

Assertions workmen are being brought in from other cities.

NEW MINERS PROTECTIVE ASSOCIATION IN EFFECT AT CRIPPLE CREEK—SPRINGS MEN AT THE HEAD

The following notice has been posted in nearly all the shaft houses of the Cripple Creek district by the Miners Protective association, a newly organized body composed of mine and ... leasers ...

"After April ... any person who shall ... in any property operated ... this company in the Cripple Creek mining district shall before ... for inspection a certificate of membership in good standing in the Miners Protective association."

This does not apply to those who are at present employed, who will be notified at a later date.

The cards were given yesterday to nearly all the men employed in the district. In a few days the cards will be given to all of the men working in the mines and mills except members of the Western Federation of Miners and foreign miners who cannot speak English. No trouble is expected in instituting the new system, since the organizers declare that it has for its purpose the promotion of good feeling among the working men; to secure a better class of men in the Cripple Creek district ... highgraders and to prevent the domination of any lawless labor organization or element in the Cripple Creek mines. The association is not opposed to any law-abiding organizations, say its promoters, and the operators believe that the men should be organized for their own protection ... Miners Protective association, a new association ... every man employed ... district.

Springs Men at Head.

L. W. Giddings, Irving Howbert and F. M. De La Vergne, all of this city, form the committee on organization, with power to name the executive committee of five.

The Miners Protective association is incorporated under the laws of Wyoming and is much broader in purpose than the old Mine Owners association. Beginning yesterday no man will be given a working card unless he has a certificate in the new association. Each man now employed will be asked a number of questions, and if they are not answered satisfactorily, he will be refused a card and discharged. The cards are issued by Secretary Woodruff at the offices of the old Mine Owners association, both in

AFFIDAVITS TO BE FILED IN U.S. COURT

Cripple Creek Assayers Are Alleged to Have Violated Federal Injunction

PURCHASED ORE ILLEGALLY?

Close Watch Maintained on So-Called Highgraders—Attorney Frost Active

Affidavits have been prepared ... with Frost of this city ... the district have violated the order of the United States district court at Denver forbidding them ... to ... except under ... The affidavits have ... filed with ... R. E. Lewis of the federal court ... tomorrow, it is said.

... against some ... highgraders in the Cripple Creek district was issued by Judge ... as a result of a petition filed ... 1911, by the Portland Mining company, the Golden ... Mining company and the Stratton's Independence, Limited, and it restrains them from purchasing ore ... they have submitted it to the ... of the plaintiff companies or to Secretary D. D. Woodruff of the Mine Owners association.

A number of the alleged highgraders ... suspected of violating the injunction ... after it was issued, and a watch has been kept on them ... Several days ago Mr. Frost went to Cripple Creek and secured affidavits against at least three of the ... it is said that he will have ... before he files them with the federal court.

Alleged Bought Stolen Ore.

The bill of complaint filed by the companies last November charged that defendants had been in the habit of purchasing, at a discount, high-grade gold ore from the employes of the complaining companies and other mines of the district; that the ore was immediately crushed or reduced and sold to the United States mint or smelters. It is said that the defendants, or some of them, had been doing business as assayers, and that in that capacity they had bought, at night, from mine employes or their own agents who had bought from such employes, as much high-grade gold ore as the employes had been able to steal and conceal about their persons from time to time.

The complaint stated that the loss to the mine owners in the district through high grading in 1911 was in excess of $750,000, and that the plaintiff companies alone had been losing upward of $8,000 a month through the "fences" and their agents.

Criminal action had been brought against those believed to be guilty, but owing to certain local conditions in the Cripple Creek district, conviction was impossible. The matter was then taken before a court of equity in the absence of an adequate remedy at law.

Frost probably will return to Colorado Springs today, and go to Denver either tonight or tomorrow morning to file the affidavits.

AMBASSADOR WILSON'S WIFE TO BEDSIDE OF SICK SON

MEXICO CITY, April 4.—Mrs. Henry Lane Wilson, wife of the ambassador, left tonight for Ithaca, N. Y., where her son, Warden, a student at Cornell university, is seriously ill. The ambassador caused to be published private cablegrams from President Schurman, to allay any possible alarm to Americans in Mexico growing out of the departure of Mrs. Wilson.

ROOSEVELT HITS AT OPPONENTS IN SOUTH

Appeals to Parkersburg, W. Va., People to Work Against Unfair Methods

PARKERSBURG, W. Va., April 4.—Striking severely at his political opponents here, Colonel Roosevelt charged them in a speech tonight with using unfair methods in an effort to defeat him at the convention soon to be held in this city.

The former president said he had been informed that plans were being made to ... against him in spite of the fact that it had been represented to him that a large majority of the people were on the Roosevelt side. The colonel appealed to the people to do all that was within their power to make the convention a fair expression of the popular will.

Colonel Roosevelt's speech was delivered at the close of the second day of his campaign in West Virginia and Kentucky. He remained in Parkersburg five hours during which he made two speeches.

Colonel Roosevelt dwelt at length on what he said he regarded as the fundamental issue in this campaign. The issue, he said, was best expressed in the sentence which he is now interjecting into almost every speech to the effect that the country must be a pretty good place for all of us if it is to be a good place for any of us.

He argued, as he did in Louisville last night, that to insure the ... peace and happiness of the people it is necessary that the people control the machinery of government more directly.

Colonel Roosevelt spent the day before reaching Parkersburg in riding along the south shore of the Ohio river. Reaching Cincinnati early this morning, he turned eastward, traveling across Kentucky and West Virginia.

Several times during the day the colonel was called from his car to make short speeches to the crowds at the stations.

EX-GOV. AYCOCK DIES AS MAKING ADDRESS

Former Governor of North Carolina Was District Attorney Under Cleveland

BIRMINGHAM, Ala., April 4.—Former Gov. Charles B. Aycock of North Carolina dropped dead at the Jefferson theater here tonight while addressing the Alabama Educational association.

Mr. Aycock had been speaking ... a few minutes when he staggered back a step and fell to the floor ...

Governor O'Neal ... Carolina.

Mr. Aycock was born in Goldsboro, N. C., in 1859, and for years had been one of the leading lawyers of the state. He was district attorney under Cleveland and was elected governor for four years in 1900 ...

MALCONTENTS FORCED TO KISS FLAG

Armed Citizens of San Onofre, Cal., Humble Industrial Workers of World

STRIKE IS NOT SPREADING

Efforts of Organization to Tie Up Railway Construction Fail

SAN DIEGO, Cal., April 4.—Nearly ... Industrial Workers of the World, ... whom admitted that they ... on their knees on the ground ... the folds of an American flag ... early today near San Onofre, a small settlement a short distance this side of the Orange county line. The ceremony, which was ... unwillingly performed, was witnessed by 45 deputy constables and a body of armed citizens of San Diego. The men who were thus forced to pay respect to the national emblem composed the party that left Santa Ana in a freight train the night before and whose coming was awaited by the deputies and armed citizens who had gone out in automobiles to meet them and drive them back.

The Industrial Workers were stopped at San Onofre and detained there until this morning. After the flag kissing, the Industrial Workers were divided into squads of five and placed in charge of details of deputies. Then the march to the line was started and the procession moved to the tune of "The Star Spangled Banner," in which the Industrial Workers were compelled to join ... Orange county line ... Santa Ana ... warning to keep out of San Diego county. They started ... railroad tracks.

The Industrial Workers ... the attempt of citizens ... to drive them out of the ... Hoquiam ... still in the field ... aggressive. Efforts to induce the Grays Harbor loggers and the employes of a large mill in Tacoma to strike has failed. The trouble on the harbor ... last winter with the campaign of citizens against street speaking in Aberdeen.

The Industrial Workers are on bad terms with the regular trade unions and the Socialists and so far have been unable to cause strikes in any of the large northwestern cities.

ABERDEEN, Wash., April 4.—The American mill, scheduled to resume work today, did not start owing to the lack of men. Next Monday efforts will be made to place practically every mill in Aberdeen and Hoquiam again in operation.

Members of the Industrial Workers of the World are riding the brake beams of freight trains into town. William D. Haywood is expected here tomorrow.

American workmen are being brought in from other cities.

EXTENSION OF CLASSIFIED SERVICE TO POSTMASTERS RECOMMENDED BY TAFT IN A MESSAGE ON ECONOMY

WASHINGTON, April 4.—President Taft today submitted to congress a message in which he made strong recommendations bearing upon greater efficiency and economy in the methods of transacting the public business in the various executive departments and other governmental establishments.

The president referred to "the advantages to be derived from placing in the classified service the local officers under the departments of the treasury, of the postoffice, of justice, of the interior and of commerce and labor," and stated that "indirectly the change proposed will result in the saving of many millions of dollars to public funds," besides greatly increasing the efficiency of the service effected.

The message in part follows:

"On January 17, last, I sent a message to the congress describing the work of the commission appointed by me under authority of the acts of June 25, 1910, and March 3, 1911, making appropriations to enable me to inquire into the methods of transacting the public business of the various executive departments and other governmental establishments and to make a report as to improved efficiency and greater economy to be obtained in the expenditure of money for the maintenance of the government."

The message stated that the president had received the recommendations of the heads of the departments on the reports of the commission and the president adds: "I transmit this message for the purpose of expressing my approval of the changes recommended by the commission and of laying before the congress the reports prepared by the commission.

"I have several times called attention to the advantages to be derived from placing in the classified service the local officers under the departments of the treasury, of the postoffice, of justice, of the interior and of commerce and labor. In my message submitted to the congress on January 17, I referred to the loss occasioned to the government because of the fact that in many cases two persons are paid for doing the work that could easily be done by one."

The president in his message stated that the loss on this account had been

COLLEGE AGAIN DEFEATS D. U. IN ANNUAL DEBATE

For the second consecutive year the Colorado college debaters won the decision by a two to one vote in the annual debate with Denver university in Denver last night, upholding the negative of the question "Resolved, That the Recall Should Be Applied to the State Judiciary." The following represented Colorado college: Walter C. Barnes, Rowe Rudolph and Fred P. Storke. Donald Gilbert accompanied the team as a substitute.

The university of Denver was represented by Earl Wettengel, John Chittenden and William Whitford. The judges were Hugh McLain, a graduate of Colorado college, and lecturer on law at Denver ... the Rev. F. W. Evans and the Rev. C. E. Wilcox. They had not been selected until the Colorado college debaters arrived in Denver last night.

The judges gave their decision on a basis of clearness of argument and the inability of the affirmative to show that the recall would not undermine the independence of the judiciary. The winning team was coached by Professor James W. Park of Colorado college.

NEW MINERS PROTECTIVE ASSOCIATION IN EFFECT AT CRIPPLE CREEK—SPRINGS MEN AT THE HEAD

The following notice has been posted ... of the ... Cripple Creek district ... the Miners ... body composed of ... and ... as follows:

... any person who shall ... company in the Cripple Creek mining district shall before work ... present for inspection ... of membership in good standing in the Miners Protective association.

This does not apply to those who are at present employed, who will be notified at a later date.

The cards were given yesterday to nearly all the unemployed men in the district. In a few days the cards will be given to all of the men working in the mines and mills except members of the Western Federation of Miners and foreign miners who cannot speak English. No trouble is expected in instituting the new system, since the organizers declare that it has for its purpose the promotion of good feeling among the working men, to secure a better class of men in the Cripple Creek district ... and to prevent the domination of any lawless labor organization or element in the Cripple Creek mines. The association is not opposed to any law abiding organizations, say its promoters, and the operators believe that the men should be organized for their own protection; hence the Miners Protective association, a new association, ... employ ... the ... neither.

Springs Men at Head.

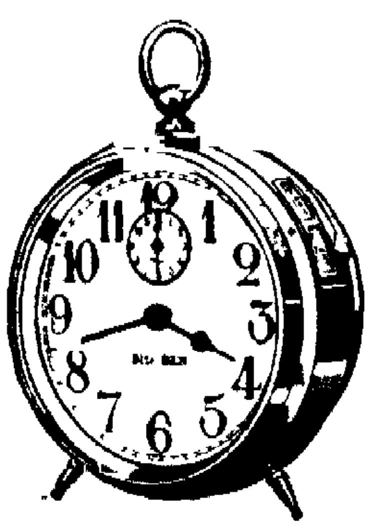

E. W. Giddings, Irving Howbert and F. M. De La Vergne, all of this city, form the committee on organization, which ... name the executive committee of five.

The Miners Protective association is incorporated under the laws of Wyoming and is much broader in purpose than the old Mine Owners association. Beginning yesterday no man will be given a working card unless he has a certificate in the new association. Each man now employed will be asked a number of questions, and if they are not answered satisfactorily, he will be refused a card and discharged. The cards are issued by Secretary Woodruff at the offices of the ... Mine Owners association, both in

WIFE OF MURDERED MAN HELD FOR COMPLICITY

GRASS VALLEY, Cal., April 4.—Mrs. Gus Schumaker, whose husband was shot dead last Tuesday as he unexpectedly entered their home at Truckee by the back door, was arrested today, charged with complicity in the killing. The state will seek to prove that she acted in collusion with Giovanni Caligari, who is under arrest charged with murder. Both deny any knowledge of the crime.

INDIAN APPROPRIATION BILL CARRIES $7,465,255

WASHINGTON, April 4.—The Indian appropriation bill, carrying $7,465,255 was taken up in the house today. An item of $3,000,000 is made for the extension of the reservation school systems and for the support of schools not on reservations, but in which Indian children are educated. Irrigation projects on the reservations also are taken care of to the amount of $800,000.

MEET TO BETTER SOCIAL CONDITIONS IN SOUTH

NASHVILLE, Tenn., April 4.—Many philanthropic workers from all parts of the country gathered here for the conference on education in the south, discussed topics ranging from art to agriculture, today. The club women heard an address by John Ward Stimson of New York, who talked about Art for the People. In a dozen auxiliary meetings experts discussed plans for bringing education closer to the children of the south and to make country life in certain sections more pleasant.

CHINESE IN CAPITAL OF THIBET PROCLAIM REPUBLIC

CALCUTTA, April 4.—Dispatches from Gyangse, Thibet, say the Chinese have established a representative council at Lhasa, the capital of Thibet, and proclaimed a republic. The officials have cut off their queues and some of them are wearing silk hats and frock coats. The Thibetans oppose the change, and are threatening to exterminate the Chinese. Fighting has occurred near Spiatse, 130 miles from Lhasa.

WILL TRY TO BREAK UP FOREIGN SHIPPING POOLS

WASHINGTON, April 4.—A bill designed to break up foreign shipping pools and combinations and to give to this government greater control over such alleged restraints of trade which originate outside of the United States was introduced today by Representative Humphrey of Washington. The government now has several antitrust suits pending against foreign steamship combinations.

The bill was referred to the committee on merchant marine, which is preparing to investigate the alleged shipping combine.

Cardinal Wolsey did not live in an age of rapid transit, but he created for himself. His capacity for rapid travel was a valuable aid in carving out a career. Wolsey is said to have first won royal favor in this way. He was charged with a message from Henry VII to the Emperor Maximilian in the low countries, and left London in the afternoon. He went by boat to Gravesend, by horse to Dover, then by boat again to Calais, and he was with the emperor the following evening and back to the king in just over two days from the time of starting.

MONTANA FLOODS

(Continued From Page One)

[illegible]

No Sign of Abatement.

No sign of abatement of the flood that for days has threatened disaster ... Mississippi ... Arkansas ... along with predictions that ... the river has ... foot of what the Memphis weather forecaster has termed the deadline 44 feet. In his opinion the levees will go when the pressure represented by that much water is reached. A stage of 45 feet, 10 feet above the danger line, is predicted. Weak spots have developed at Mound City, Ark., and at the Reelfoot levee west of Hickman, Ky.

All along the river shifts of men engaged in reinforcing the levees were urged to redoubled efforts while behind the dikes those who had not heeded the earlier warning and fled, gathered up or secured their movable property and hastened to the hills. ... reports of leaks in levees not designed to withstand an unheard of flood ...

Fear Water Supply Polluted.

The day brought relief in the shape of provisions and tents to 3,500 refugees at Hickman, Ky., the number exceeding the 2,000 driven from their homes in the factory districts there and the 1,500 gathered in from the submerged area across on the Missouri side. Governor Harmon of Ohio yesterday offered more tents for the Tennessee and Kentucky sufferers.

At Memphis, where no less than a dozen first-class river steamboats are tied up, the flooding of the whole of the low-lying north section, it is feared, has polluted the water supply. The health authorities have warned the residents of the closed-in section to boil their drinking water.

The death list has reached 10. At Clarksville, Ky., Miss Alen Alexander was drowned when a boat capsized in the overflowed section of Red river. A negro was drowned at New Madrid, Mo.

One of the phases of the flood is the tie up of practically all traffic, not only on the Mississippi, but on the Ohio and the other navigable tributaries of the Father of Waters. Usually a "big river" is the signal for an unusual amount of traffic. Especially is this true of the "coal fleets" from Pittsburg, which go down the Ohio whenever possible, on a rise. Now, however, hundreds of barges and coal boats are fast, waiting until the Mississippi is open for towboats again. High water too, on most of the streams keeps the larger steamboats tied up because they cannot get under the bridges.

New Madrid Almost Deserted.

NEW MADRID, Mo., April 4.—Water stands from three to six feet deep in the streets of this city tonight. There is water in every house and the distress is great. Business has been suspended and the city is almost deserted.

Situation at Cairo.

CAIRO, Ill., April 4.—The Cairo levees were standing firm tonight with the river stationary at 53.9. This is one and seven-tenths feet above the previous record.

The levees that protect the city were raised and strengthened today and every foot of the big levee system is being constantly watched.

The city is safe but an enormous loss has resulted from the flooding of the drainage district north of here. The Illinois Central annulled most of the trains due into Cairo tonight and the Big Four is continuing service out of the city only by the use of tug connections with trains at Mound City.

Memphis Reports Exaggerated.

MEMPHIS, Tenn., April 4.—Mayor E. H. Crump of Memphis, said today he had received a number of telegrams from mayors of larger cities tendering aid to Memphis because of the Mississippi river floods.

Mayor Crump attributed these telegrams to grossly exaggerated reports sent out regarding the situation and requested the Associated Press to disseminate the following official statement signed by him:

"Memphis has 19 square miles, and of this territory, not over eight blocks contiguous to bayou Gayoso are affected by the overflow and that is an old section in the extreme north end, which is very low and which has been subject to overflow ever since Memphis was a town.

"The commercial interests in the city are not affected and with the exception of a few people who live in the small overflowed district, largely made up of negroes, who have moved time and time again on account of

... pressure ... than ... pounds ... the pressure will be lower. We want to fix it so that we can give the people from 50 to 60 pounds pressure at all times. Mr. Phillips says that this should be possible after we have carried out his instructions.

Open Meeting Next Week.

Mayor Avery was to have addressed the members of the Real Estate exchange at a meeting today, but the meeting was postponed. A. R. Williams, president of the Real Estate exchange, is planning to hold an open meeting in the near future at the Chamber of Commerce, and Mayor Avery and Water Superintendent M. Reynolds will be asked to talk. The meeting will probably be held ... next week.

Mayor Avery feels assured that favorable action will be taken at Washington on the Colorado Springs bill, and speaks highly of the treatment the delegation received at the hands of the Colorado representatives in congress and the senate. Mrs. Avery, who is visiting a sister in Oklahoma City, is expected to return home next week.

KINSMAN REFUSES TO BETRAY ALLEN

HILLSVILLE, Va., April 4.—Another day's pursuit of the courthouse assassins still at large had brought no news of success from the posses late tonight.

Jordan Edwords, one of the ... kinsmen, arrested ... charged with giving aid to Sidna Allen and Wesley Edwards, the only two members of the band who have not been taken, got a grilling at the hands of the detective chiefs today in the hope that he might tell the whereabouts of his kinsmen.

The mountaineer was firm and did not betray them. He scorned an offer that the $1,500 offered for the men should be his if he gave them up. It developed that he is in Sidna Allen's debt. Detectives have found a great many others in this county in the same plight who fear being suspected of aiding the officers.

A change of venue for the trials of the murderers seems certain. Clark Good, the only officer of Carroll county court who was not killed in the assassination of March 14, is the principal witness for the prosecution. The Allens probably will not be tried in a court where one of its officers is a prosecuting witness.

Healthy Mothers

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

Every ... [illegible] ... in Mohammedan countries is warned by the priest against four classes of women he should not marry. These women are the "yearner," the "deplorer," the "backbiter" and the "toadstool." It is explained by the author of "... a Turkish Harem" that the "yearner" is a woman who has a child by another husband, and who is ... always thinking about that child, ways dilating upon the good qualities of her former husband, to the intense displeasure of her present lord. The "backbiter" is the woman who is sweet and smooth in her husband's presence but who runs him down to others. But the "toadstool" is the worst of all. She is an unprincipled ... who oppresses and tortures a loving husband by her constant lookings and indifferent galling treatment of him.

EXTENSION

(Continued From Page One.)

[illegible]

Have Trained Men as Postmasters.

[illegible] ... be paid ... expension ... Washington.

Where Could Save $200,000 Yearly.

The message stated that the ... service of the ... would be more efficiently and economically operated if ... were provided by law that ... the duties transferred to the register assisted by a bonded clerk and the register placed in the classified service. It has been estimated that the adoption of this plan ... annual saving of ... message.

A direct saving ... and ... indirect economy ... the transfer of the internal revenue and customs ... to the classified service, the president said in the message.

In the ... service the ... which would result from the classification of the ... officers ... the department is not as marked or probably capable of as exact estimation as in those mentioned, but there is no doubt that ... would follow. It is not to be doubted that ... saving would result the classification of the ... officers would increase the efficiency of the service. It would be a ... also to place all marshals, deputy marshals and assistant attorneys in the classified service, although but little direct economy would result. Supervising inspectors of the steamboat inspection service and the members of the field service in the bureau of fisheries should be placed in the classified service.

Approves Appointment Plans.

The report on methods of appointment submitted ... by the commission which covers fully the subject of appointments by the president by and with the advice and consent of the senate and recommends that various local officers such as postmasters, collectors of internal revenue ... and heads of bureaus in the departmental service be included in the classified service ... The report and recommendations are approved by me.

"In the interest of an efficient and economical administration of the vast business of the government, I urge the necessity for the passage of this important reform and recommend that the necessary amendments be made to the laws governing appointments ... not later than July 1, 1913 ... there may be secured to the people the benefits to be derived from a conduct of local offices, selected on the merit basis and devoting their time and talents solely to the duties of their office."

The president expressed his concurrence in the commission's recommendation that the life saving service of the department of the treasury be discontinued as a separate organization and that the maintenance and operation of the life saving stations of the country be made one of the duties of the bureau of lighthouses of the department of commerce and labor. The commission estimates that, in addition to the advantage that will be obtained through having these two services operated by the same organization, a direct economy will be secured of at least $100,000 annually and that the saving will greatly exceed that sum after the first year.

Believe Merger Is Practical.

The message stated that the commission after a detailed investigation concluded that all the duties now being performed by the revenue cutter service can be performed with equal efficiency by other service and that a great economy will result by having these duties so performed and adds:

"The commission accordingly recommends that this service be abolished as a distinct organization, that its equipment be distributed among other services requiring the use of marine craft and that provision be made for the performance of the work now being done by it by said other services."

The president stated that he was in full accord with the commission's recommendations regarding this service and recommended "that the necessary action be enacted to put them into effect. In thus recommending that the revenue cutter service be abolished I desire to make it plain that such action does not carry with it the discontinuance of the rendering of any valuable and proper service now being rendered by that organization. On the contrary, I am persuaded that all such services will continue to be performed under the system recommended by me with equal or greater efficiency.

"The report upon the organization and methods of work of the accounting offices of the treasury recommends that the offices of the six auditors be consolidated under one auditor and that the auditors of customs accounts located at the principal ports and known as naval officers be made assistants to the auditors."

Discontinue Mileage Allowances.

This, the message stated, would increase the efficiency of the treasury audit and save at least $200,000 annually. Referring to "travel expenditures" of government officers and employees the commission reported ac-

...ording to the message that all allowances in the form of mileage ... be continued and ... actual cost of transportation ... paid, that ... payment of ... expenses commonly ... whether ... a ... per diem ... established by the president for the several classes of officers and employes. The president in his message approved the commission's report.

Continuing the message stated that attention is called to the report of the commission ... to congress ... message of February ... on the centralization ... distribution of government publications. ... estimated that $... can be saved."

In conclusion the president, referring to all the reports and recommendations in his message said:

"Again I urge upon congress the desirability of providing whatever funds can be used effectively to carry forward with all possible vigor the work now well begun. ... required ... prosecution of the inquiry during the ensuing year and the $... estimated for the ... publication of the reports are inconsiderable in comparison with the economies ... realized."

NEW YORK, April 4.—Congressman Jefferson M. Levy has no intention of selling Monticello, once the home of Thomas Jefferson, to the government or anyone else.

NEW MINERS

(Continued From Page One)

... and Victor. In addition to the work of issuing cards, Mr. Woodruff will establish a free employment bureau to be run in the interests of the miners.

No fee is required for membership, and it is expressly stipulated that the association shall make no attempt to reduce wages or lengthen the working hours.

The following is the constitution of the Miners' Protective association:

I.
OBJECTS.

The objects of this association shall be:

To unite its members in closer and more confidential relations for the mutual good of all.

To establish, if possible, between employers and employes such amicable and friendly relations and mutuality of purpose and action as will result in the greatest good to both capital and labor, employer and employe.

To protect, insofar as possible, its members in and about the mines and mills and sampling works of the Cripple Creek mining district against loss of earnings through irresponsible employers.

To prevent injury by accident while in the performance of their duties about the mines, mills and samplers.

To promote honest and fair dealings between employer and the employe.

To encourage good, honest and faithful service for good wages, and to discourage all individual or organized effort tending toward dishonest or ... indifference of the rights of the persons or property of either the employer or employe, and

To use its best endeavor to aid in securing employment for those members who desire same.

II.
MANAGEMENT.

The affairs and business of the Miners' Protective association shall be under the management and control of an executive committee consisting of five members, and E. W. Giddings, Irving Howbert and E. M. De La Vergne are selected as a committee on organization, and to name an executive committee of the Miners' Protective association, which executive committee shall serve for the first year of the existence of the association.

BY-LAWS
ARTICLE I.
EXECUTIVE COMMITTEE.

The affairs and business of the Miners' Protective association shall be under the management and control of an executive committee of five members.

ARTICLE II.
MEMBERSHIP.

Section 1. The membership of the Protective association shall be confined to such mine owners, mill owners, mine operators, lessees, and employes of same, as shall be recommended for membership by the executive committee of this association, and who shall agree to conform and abide by the constitution and by-laws of this association.

Sec. 2. Application for membership in this association shall be made to the executive committee of the same.

Sec. 3. When applications have been approved by the executive committee, the applicants may become members by signing the constitution and by-laws of the association.

Sec. 4. Upon compliance with the foregoing requirements the persons becoming members shall receive membership cards of the association, such cards to be good for that calendar year only.

Sec. 5. Membership cards may be revoked at any time by the executive committee whenever such committee shall be satisfied that the member holding card is not living up to the obligations imposed by the constitution and by-laws of this association.

Sec. 6. Membership cards shall not be transferable by assignment or otherwise, only valid when presented by one whose name is signed on card.

Sec. 7. In case of loss of card, the member sustaining such loss shall immediately notify the executive committee of its loss, cause or probable cause for same, and request the issuance of a duplicate card.

"NICKEL FIRST" SYSTEM IN USE ON PAY PHONES

Nickel goes first.

No longer will this necessity be said in Colorado Springs by those who use the nickel telephones, for last night at 12 o'clock the system was changed from nickel after to nickel first. In other words, at all pay stations hereafter, the nickel must be placed in the box before getting the operator instead of depositing the coin after the number has been called.

For the last two weeks the telephone company has had men at work installing the new style telephone and almost all of the 1,000 nickel phones in the city have been changed. The greatest amount of work had to be done at the main office, where the boards were changed from the old system to the new. This work has been going on for the last few weeks, and was brought up to a point where the change could be made from one system to the other in a few moments. A few minutes before midnight last night a number of workmen made the last few changes, and the "nickel first" system went into effect.

Every precaution has been taken by the company to avoid misunderstandings with subscribers using nickel telephones. Several days ago postal cards were mailed to all these subscribers telling them of the change and when it would go into effect. It also explained how the system works.

The newer system, which is in use in many of the larger cities, is a great improvement over the old one. It does away with almost all of the trouble usually experienced by the operator and subscriber using the pay telephone. Quite often the operator has a long argument with a subscriber who insists that he has placed the coin in the box, either before or after he has called. If before, it is his mistake, and the operator is not responsible, and she is not allowed to give him the number called for. If after, the nickel has failed to register at the main office. Very often, though, the subscriber has not placed the money in the box at all. The "nickel first" system also helps locate trouble on the line. If the subscriber puts a nickel in the box and fails to get the operator, it shows the line is out of order and it is an easy matter for the "trouble man" to locate the trouble.

In case the subscriber has deposited his nickel and the operator reports the line busy or the number called does not answer, the nickel will be returned. The coin also will be returned on free numbers—Main 27, police headquarters; Main 25, fire headquarters; Main 1300, telephone company, and information calls.

COLORADO SPRINGS GIRL WEDS ALLEGED FORGER

Alice Black, a Colorado Springs girl, and F. A. Mohler were married in New Orleans Wednesday, following their release from the parish jail, according to word received here yesterday. Mohler was recently convicted of passing worthless checks and was given a jail sentence. Miss Black might have gone free, it is said, but she preferred to stay with Mohler. A short time prior to their arrest in New Orleans they had been in similar trouble in Connecticut, but escaped. Mohler came here about a year ago from Pittsburg, Pa., and won the girl's affections. When he returned east she followed him.

Finds Cure for Epilepsy After Years of Suffering

"My daughter was afflicted with epileptic fits for three years, the attacks coming every few weeks. We employed several doctors but they did her no good. About a year ago we heard of Dr. Miles' Nervine, and it certainly has proved a blessing to our little girl. She is now apparently cured and is enjoying the best of health. It is over a year since she has had a fit. We cannot speak too highly of Dr. Miles' Nervine."

MRS. FRANK AND [illegible]

Thousands of children in the United States who are suffering from attacks of epilepsy are a burden and sorrow to their parents, who would give anything to restore health to the sufferers.

Dr. Miles' Nervine

is one of the best remedies known for this affliction. It has proven beneficial in thousands of cases and those who have used it have the greatest faith in it. It is not a "cure-all," but a reliable remedy for nervous diseases. You need not hesitate to give it a trial.

Sold by all Druggists. If the first bottle fails to benefit, your money is returned.

MILES MEDICAL CO., Elkhart, Ind.

GOOD FRIDAY TODAY

Today is Good Friday, known as the day of the Crucifixion. It will be observed by all the Episcopal and Catholic churches of the city with special services. At St. Stephens church a passion service will be held from noon until 3 o'clock, consisting of prayer, music and short readings from the Episcopal service. Good Friday closes Lent and precedes Easter Sunday as a day of special observance.

NO STRIKE AT DULUTH

DULUTH, Minn., April 4.—That there is no possibility of a sympathetic strike of freight handlers in this district was the statement made earlier today by officials of the railroads with Canadian connections.

DR. FRANKLIN TO GO EAST LATE IN APRIL

Dr. James H. Franklin who several weeks ago resigned as pastor of the First Baptist church, and Mrs. Franklin will leave the latter part of this month for Boston, where Dr. Franklin will take up the duties of foreign secretary of the American Baptist Foreign Missionary society. Dr. Franklin will remain in Boston a short time learning the routine of the office work and getting posted on the situation and then he and Mrs. Franklin will leave for a tour of the mission fields.

FEDERAL PRISONERS ESCAPE

Two Men Being Held in County Jail at Denver Got Away by Sawing Bars of Window

DENVER, April 4— [illegible]

BRITISH MINERS WILL BE ADVISED TO RESUME WORK

LONDON, April 4—The miners' federation ... decided to advise all the miners in Great Britain to resume work.

A surprise awaited the executive committee of the miners' federation when scrutinizing the ballot of the miners. The figures disclosed an unexpectedly large majority of ... against the resumption of work out of a total vote of 445,000.

The members of the executive committee finally decided that as a two-thirds majority of the miners had been requested to declare the strike, a two-thirds majority also was necessary to continue it. They therefore resolved to advise the miners to resume work and to summon a conference when the recommendation of the executive will be considered.

In the meanwhile many miners in various districts without awaiting the advice of their leaders have returned to the pits. Fully 50,000 miners went down the shafts today.

BELATED REPORT OF THEFT

DENVER, April 4—The news of a theft of $500 from the Interstate Trust and Savings bank was made public today after the bank officials had spent two weeks trying to find the thief.

The money was taken during the noon hour from behind the coin shield in the office of the receiving teller and was probably extracted by the use of a long curved wire.

The receiving teller violating the rule of the bank—which requires its employes to place money in a safer place than the currency cages when they leave for lunch—left $1,000 in bills on his counter. He didn't think anyone could reach it and went to luncheon, leaving the money in full view of the bank's patrons and strangers.

None of the bank employes is suspected as no one but the paying teller ... get into the cage occupied by the receiving teller.

"It is the first time we have ever lost a penny and we have been in business more than four years," said President Briggs. "It was through ... receiving teller that ... He was in a hurry ... lunch and violated one of the rules of the bank. We don't believe any of the employes are guilty and are not investigating along that line."

AUTOMOBILING DEVELOPS CHEST, TAILOR DECLARES

NEW YORK, April 4—A Fifth avenue tailor, after observing for five years the ... of his customers who ride daily in automobiles, has come to the ... that automobile riding develops the chest. "The chest measure ... of a man can be declared ... increases at the rate of an inch ... years after he begins to ... regularly. The tailor ... increased development ... deep breaths taken ... automobiling."

WILSON AND HARMON DISLOYAL TO PARTY IS CHARGE BY STONE

CHICAGO, April 4—Charges that both Governor Wilson and Governor Harmon have been disloyal to the national Democratic party were made in an address by United States Senator William J. Stone of Missouri here tonight. He addressed a meeting of Champ Clark's supporters held under the auspices of the Missouri society of Chicago.

"Neither Governor Harmon nor Governor Wilson voted for William J. Bryan when he was a presidential candidate in 1896," said Senator Stone. "From 1896 to 1908 Champ Clark has consistently supported the national Democratic ticket. For ... years ... has been a representative in congress and ... the time the House was under Republican control.

"Unfortunately, for many years the Democratic minority of the house was factional. But about three years ago Clark was chosen its leader. Immediately he began to unify and solidify his party associates in that representative body. So diplomatically and masterfully did he discharge this task that for the first time in years the Democratic minority moved against the Republican majority almost as one man. Since then Clark has been the constant adviser and counsellor of the members of the house.

"Taking the country as it is today with splendid chances of a still greater success, to whom should the greatest honor for this situation be accorded? Who of all the Democratic presidential candidates has accomplished the most toward putting the Democratic party on its feet and starting it on the road to success? Is it Speaker Clark or some other man? I guess the people know."

GRAIN EMBARGO IS ENDED

WINNIPEG, April 4—Following a conference of railway officials here it was announced today by George Stephen, general freight agent of the Canadian Northern railway, that it would not be necessary to continue the grain embargo against Duluth and Superior. Mr. Stephen says he has found sufficient space in elevators and in vessels which will be utilized as soon as it is possible to move steamers out of winter-bound harbors alongside elevators to relieve the situation. It is estimated that there is vessel space for from 5,000,000 to 10,000,000 bushels of grain.

WOULD EXEMPT SUPREME COURT U. S. FROM RECALL

WASHINGTON, April 4—Senator Ashurst, one of Arizona's first members in the upper body of congress, said today he would soon introduce a bill for the recall of judges, but would not include the supreme court of the United States in its provisions.

APPOINT RECEIVERS FOR ALASKAN MINING COMPANY

NEW YORK, April 4—Frank Sullivan Smith and A. W. Middleton were today appointed by the federal district court as receivers of the Alaska-Ebner Gold Mines company of this city, in a suit brought by W. T. Hammer of Branford, Conn.

The liabilities are listed at $3,577,000 and the assets at approximately $112,000, although the total value is not stated.

Edited by E. E. Overholt

IS FIGHT GAME DYING? AUTHORITIES DIFFER AND EXPRESS SOME REASONS

COFFROTH TALKS IN DEFENSE OF BOXING AND SAYS IT IS NOT IN A DECLINE. PUGILISM, LIKE EVERY OTHER SPORT, WORKS IN CYCLES

By HARRY B. SMITH

[illegible]

...d here's one way to have it figured so far as San Francisco is concerned.

...e tourist to come, with its particularly cheaper prices and with its ... who are the ordinary rank and file, has got into the professional game to such an extent that on the ordinary fight the people will not respond. For a big card here would still hold interest. Frayne and Burns, ... who boxed the other night ... of the type of boxers appearing ... Friday evening.

...ur "fight bug" sees more action and more variety in his four-round ... than he can expect in a twenty-round match of the ordinary garden ...

[illegible] For several years there has been a gradual ... that the in-fighter rather than the boxer who stands off at long range is the man ... is ... a fighter is rarely a flashy boxer. He is more inclined to wear his man down by degrees. This stops so many of the knockouts that were formerly the rule rather than the exception. I don't believe the general public likes a fight of the Klaus-Dillon type as well as that more open style which Stanley Ketchel and the older fighters adopted.

It is reasonable to suppose, therefore, that more fight fans might have been killed off because of this than have ...

MACK DID NOT RECOGNIZE ONE OF HIS RECRUITS, NOW A STAR

PHILADELPHIA, April 4.—Talk ... what the word painters call a ... entrance, but the first time little Jackie McInnis came within ... vision of Connie it was full of that ... stuff. Also, and keep this ... in your bean, brer fan, that if ... Eisenheimer Mack had followed ... first hunch it is a 10 to 1 shot that ... Mr. Mac would never have done ... Edison before the populace last ...

... to the tale, which is all right. ... was 18 years on this mundane ... and when he was signed. A scout ... the trick for Connie. One day ... Mackmen were in Boston and were ... Harry Martin, the young medico ... against the Red Hose. A kid ... into the grounds with one of those ... caps partially covering his ... piece, and Martin, who was warming ... went over and talked to the ... comer.

... Shibe was sitting on the bench. ... he crooked the finger at Martin ... asked him who the stripling might ... "Oh that's Stuffy McInnis. He ... you fellows today."

Ask him to come over on the bench," invited John. Martin did as requested and McInnis came to the bench. He leaped right into the thick of the fray, and kept signaling Martin where to pitch to the batters. It was some time before the Hon. Mr. Mack became aware of the tiny one's presence. He took an inquisitive peek at Mac and said to John Shibe: "What's that kid doing on the bench?"

"That's McInnis," answered John. "What!" replied Connie. Then the humor of the thing dawned on him. "Well," said the great tactician, "the next time I want a player I'll look him over myself."

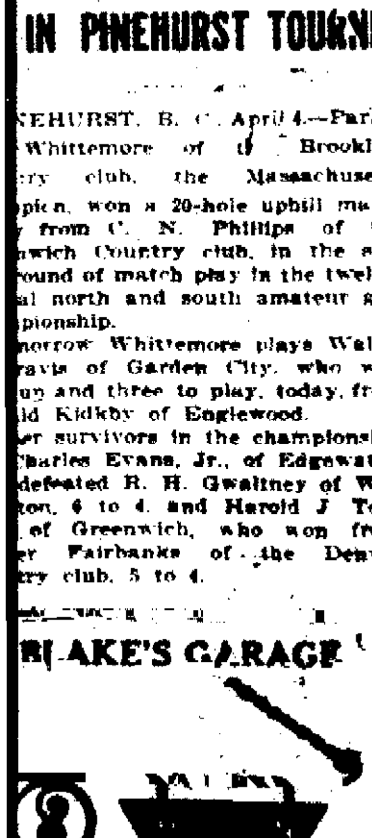

FAIRBANKS ELIMINATED IN PINEHURST TOURNEY

PINEHURST, N. C., April 4.—Parker Whittemore of the Brookline Country club, the Massachusetts champion, won a 20-hole uphill match from C. N. Phillips of the Greenwich Country club, in the second round of match play in the twelfth annual north and south amateur golf championship.

Tomorrow Whittemore plays Walter Travis of Garden City, who won ... up and three to play, today, from ... Kidkby of Englewood.

Other survivors in the championship ... Charles Evans, Jr., of Edgewater, ... defeated R. H. Gwaltney of Wilton, 6 to 4, and Harold J. Topping of Greenwich, who won from ... Fairbanks of the Denver ... Country club, 5 to 4.

IN THE WAKE OF THE NEWS

[illegible] ... Sox ... [illegible]

... The Harvester, 2:01 ... has given the light ... Ulhan, 1:58¾, will be taken to Russia ... a few weeks to be exhibited before the Royal Trotting association at Moscow early in the summer. From there the champions will be taken to Germany and Austria ...

Clarence DeMar, regarded as America's best candidate for marathon honors at the Olympiad games next summer, may not carry Uncle Sam's emblem in the ... DeMar, who won the Boston Athletic ... marathon run last season, and also the Brockton marathon, is insistent that he will not participate in the Boston Athletic association race on Patriots' day, April 19. The run has been sanctioned by the A. A. U. as the official tryout for marathon possibilities for the Olympiad, and the American Olympic committee has issued an edict that all candidates must compete in the official trials in order to be considered eligible for the team. If the committee adheres to this ruling DeMar may as well be marked off the list. He contends that as the official tryout is but two weeks off, it is impossible for him to get into condition in the short time for the long grind.

A great deal of discussion is going the rounds in New York and other cities over the announcement from Washington that President Taft will appoint no American commissioner to the Olympic games in Stockholm. Prior to the announcement there was a strong movement among eastern athletes to secure the appointment of James E. Sullivan, president of the Amateur Athletic union, who has headed the American delegation to the Olympic contests for years. In view of the president's decision it is possible that Col. Robert M. Thompson, president of the Olympic committee, will assume the duties of American commissioner.

It is argued that because his team won the National league pennant last year, McGraw will not make any changes in his lineup this year. In the world series games the Athletics proved decisively that the Giants ... and if the slightest opportunity presents itself to better conditions, it goes without saying that McGraw will not allow sentiment to stand in the way of getting a better team. It may also be pointed out that other managers of winning clubs have never hesitated to change their line-ups when they believed they could make their teams stronger. Chance did it in Chicago, Connie Mack did it and Jennings made numerous changes in the Detroit club after winning the pennant, and McGraw is pretty sure to follow in their footsteps if he can land two or three desirable players.

FRIDAY APRIL 5 1912

THE ANNUAL FLOOD LOSS.

[illegible] Missouri [illegible] Mississippi [illegible] spring [illegible] The [illegible] [illegible] their [illegible] inflict [illegible] the [illegible] time that [illegible]

[illegible] the people [illegible] passage by Congress of the [illegible] Harris bill [illegible] the many [illegible] Mississippi Valley states are [illegible] Osteopathic [illegible] measure [illegible] appropriations from the national [illegible] improvement of our river [illegible] improvements [illegible] in order to make them [illegible] gation and decrease [illegible] floods

But the lamentable fact [illegible] revealed in the history of river and harbor legislation in the last twenty or thirty years is, that however much money Congress may vote for waterways improvement there is very little, if any actual improvement in the condition of the waterways themselves, and no diminution in their liability to produce disastrous floods. The reason is that the money is [illegible] politicians and almost without regard to the actual attainment of the purpose for which it is voted.

Now that the spring flood of 1912 is in full swing Congress has voted an emergency appropriation of $350,000 to repair and strengthen the Mississippi levees and it probably will have to vote additional funds [illegible] the distress already caused by the flood. As usual the barn door is locked after the horse is stolen [illegible] assertion that if one half the money that has been appropriated [illegible] quarter century for the improvement of the Mississippi and its two principal tributaries had been [illegible] intelligently expended such [illegible] every spring would be impossible. [illegible] this matter Congress [illegible] its practice of [illegible] at the bung

GUARDIANS OF PUBLIC HEALTH.

THERE is a letter in the Open Parliament today which ought to be generally read. Its author, F. F. Capshaw, according to the city directory, is a chiropractor. Having learned this, nobody will be surprised at his attack on the American Medical Association and indirectly on all regular medical practitioners.

The letter from the chiropractor, while ostensibly directed against health legislation in general, is really a part of the veiled attack on the system of health inspection in the public schools which The Gazette devoted its editorial space on March 23. The writer [illegible] letter frankly attacks the American Medical Association, and as frankly proclaims his allegiance to the nondescript crowd that calls itself the "National League For Medical Freedom." In our opinion it is just as well that the line of demarcation be sharply defined in the beginning. On the one side there is an organization which calls itself the National League for Medical Freedom, and which openly opposes not merely the establishment of a national bureau of public health but also every local effort to promote health conditions in the public schools, such as has recently been attempted in Colorado Springs. The charge has been made and it has not been successfully refuted—that this organization is financed by the patent medicine interests of the country. However this may be, its membership seems to be made up chiefly of those interests which for one reason or another are opposed to the regular medical practitioners—that is, the [illegible] medical [illegible] enactment [illegible] employ [illegible] [illegible] prevent [illegible] laws [illegible] local

QUACKERY VERSUS COMMONSENSE. We have already [illegible] attention to the public meeting held in the Majestic Theater three weeks ago as an evidence of the activity of this organization. [illegible] professed purpose of [illegible] speakers [illegible] their real purpose [illegible] an effective protest against the measures recently adopted by the Board [illegible] to secure better health [illegible] in the public schools. [illegible] reason for the protest was the groundless fear that parents of [illegible] children might be led to employ regular medical practitioners instead of osteopaths, chiropractors, patent medicine vendors, etc.

The plain truth as to health conditions in the public schools has already been stated in The Gazette both in the editorial and news columns. We have cited facts (which can easily be verified by any individual) [illegible] the menace to the health of the entire [illegible] which is involved in the perpetuation of present conditions. In the face of this [illegible] no intelligent person can, unless he is hopelessly prejudiced, deny [illegible]—even the imperative necessity—of the measures already adopted by the [illegible] to safeguard the children entrusted to their care.

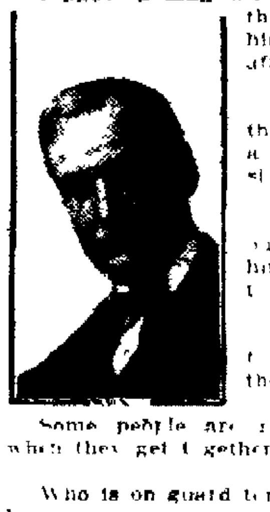

We are confident that in the long run the [illegible] commonsense of the people will triumph over the statements of a relatively small group of individuals who, for reasons of their own, are misrepresenting the case. Every child saved from a life of invalidism or from early death through the efforts of a school nurse is worth more to the community than all of the efforts of all of the people who oppose such work on the ground that it conflicts with their own views as to how the healing art should be practiced. Already in less than two months, the school nurse employed by the local board has rendered just such service. And something more than ignorant and unfounded agitation will be needed to convince the community of the unwisdom of the step.

CENTERSHOTS

By ED HOWE

When a man and wife talk over a subject he usually compromise on the way she wanted to do it in the first place.

Don't spend too much time looking for a good thing; get it.

I know a man who is so good to his children that his wife is afraid to leave him alone with them; she's afraid they'll mistreat him.

When married women express the hope that [illegible] they mean they hope [illegible] will watch him.

If you want to get a secret out of a man don't [illegible] ask him [illegible] give him a chance [illegible] and he will usually leak.

The particulars in [illegible] sensation interest people more than the right of it.

Some people are [illegible] when they get together in a mob.

Who is on guard tonight? And who is watching him?

There are so many ways for a woman to dress that it must be almost a comfort for her to wear [illegible] then she can't make a mistake.

The trouble with most investigations is the [illegible] thinks he is disgraced unless he secures a conviction.

THE DAILY CHIT-CHAT

-BY- RUTH CAMERON

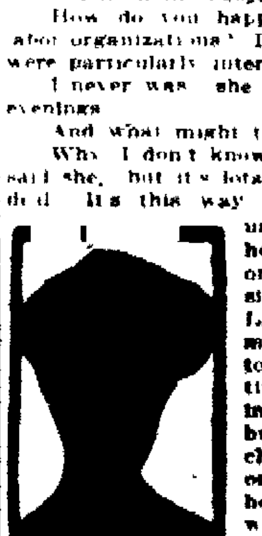

A friend of mine showed a surprising fund of information on the subject of labor unions.

How do you happen to know so much about labor organizations? I inquired. I didn't know you were particularly interested in economics.

I never was, she said. It's just our Saturday evenings.

And what might that mean?

Why, I don't know as it's worth telling about, said she, but it's lots of fun and we learn a great deal. It's this way. You know the crowd that usually drifts around to my house or sister's or Mrs [illegible] on a Saturday night. There's sister and her husband and Mr L John and I Marie and the man she's going to be engaged to Mr and Mrs [illegible] and sometimes other people who happen in. Sometimes we play cards, but [illegible] are often we just have a chafing dish and talk. Well, one Saturday night at our house we got to talking about woman's suffrage. We all had a lot to say but when it came right down to it we found that no one knew much that was definite. Someone said that women didn't need suffrage in the United States, because there were no laws that discriminated against women and someone else said that there was a larger proportion of uneducated women than men in the country and someone else said it was the other way round. Finally Mr L said, I don't believe any of us know what we are talking about. Suppose we all try to find out some definite facts on one side or the other and finish our talk next Saturday. We did and you don't know how much fun it was to talk on something about which we really knew a little. We

OPEN PARLIAMENT

AGAINST IT.

To the Editor of The Gazette:

It may as well be understood in the beginning that any attempt to close Cheyenne avenue will be met with vigorous protest. Such an act would be unreasonable and uncalled for. There is enough room in Colorado Springs for our school buildings without placing them upon our much used thoroughfares. The lay of the land makes Cheyenne avenue more of a necessity than the ordinary street. Its closing would cause serious inconvenience to the public passing to and from the northeastern part of the city. Why not build the new High school in the middle of Nevada [illegible]? CITIZEN

Colorado Springs, April 4

THE NATIONAL BUREAU OF PUBLIC HEALTH

To the Editor of The Gazette:

To the casual observer it would seem that such a bureau would be desirable but to those who are familiar with medical legislation can readily see its aim and object.

First the American Medical Association seeks to gain a monopoly in the healing art.

Second they seek to compel the people to submit to any measure they see fit.

Third they seek to create more than ten thousand government jobs for their political doctors all under the guise of protecting the dear people.

The following statements from some of the political bosses of the American Medical Association will substantiate the above with logical reasoning.

Dr. Wm. J. Robinson, one of the wheel horses, says: The people are not capable of judging who is and who is not a competent physician; no conciliatory attitude is to be adapted with the Christian Scientist, Mental Healers, Quacks, Osteopaths, Chiropractors, etc.

The above shows that if the bureau is established that they desire to monopolize, this should be a warning to those who believe in their right to employ the practitioner of their choice.

Next comes Dr. Samuel G. Dixon, another wheel horse, who says: Compulsion not persuasion, is the keynote of State Medicine; the laws we must have, these laws must reach into all the relations of life.

Thus you see that the rights of the people are taken away, you are subject to Compulsory Vaccination, Compulsory Medical treatment, Compulsory Examination and treatment of our public school children, Compulsory Operations if they should decide that they are best for the people, etc. If the doctor says so, it's so.

Then comes the distinguished Professor Fisher, the Trojan horse by which the American Medical Association endeavored to ride unobserved into the National Government Treasury, who in a letter says: In writing I [illegible] among the first knowing that [illegible] keenly appreciate the importance of overcoming the selfish opposition to a project which when once started will surely expand within a decade so that millions upon millions of government money will be put into the most needed form of National defense.

Mr. Taxpayer does this sound good to you to create a force that will take away your rights, compel you to do something that you do not desire to do, and raise your taxes sufficient to support more than ten thousand of these political hyenas to examine and experiment upon our school children against our wishes and who can not stand the competition of the so called irregulars.

I have high regard for the physician who is willing to stand on his merits but would consider those political [illegible] beneath my notice were it not for the fact that the people should know.

The National League for Medical Freedom was organized to combat unjust, unnecessary, oppressive, paternal and un-American laws ostensibly related to the protection of our dear people. Will you help?

F. F. CAPSHAW

Colorado Springs, April 4

REASSURING SMALL REPUBLICS.

[illegible] Dispatch

A dispatch from Nicaragua reports that Secretary Knox's assurance that the United States desires no territory south of the Rio Grande has had an excellent effect in quieting the anxiety among Spanish-Americans generated by the belief that the United States is in the mood for indiscriminate land grabbing. There is no doubt that the secretary's statement represents not only the policy of the administration of which he is the authorized spokesman but the sentiment of the great majority of the American people.

WATER RESOURCES OF THE NORTHWEST

Comprehensive Study by the United States Geological Survey

[illegible] as recently [illegible] water resources of the northwest [illegible] the United States [illegible] the basin of Columbia river [illegible] drainage [illegible] square miles. Its [illegible] Montana [illegible] Washington Oregon and Nevada. The [illegible] one of great interest and value. Few river basins [illegible] diverse. It contains some of the highest peaks in America and some of the most fertile valleys [illegible] world. Some idea [illegible] had from the state [illegible] [illegible] The climate [illegible] from the [illegible] and Washington [illegible] irrigation [illegible] United States [illegible] has scarcely begun.

The study of the water resources of this great region as carried on by the United States geological survey becomes therefore a matter of importance and interest. Water supply paper [illegible] of the survey which has just been issued contains a large amount of useful data resulting from the investigations of the streams of this area including hundreds of [illegible] of the numerous large tributaries as well as the main rivers. Among these tributaries are Clark Fork which drains large areas of Idaho Montana and British Columbia and Snake river which has its origin in the Yellowstone Park region of Wyoming traverses the southern portion of Idaho and on its way drains large areas in Nevada. For a part of its course the Snake forms the boundary between Idaho and Oregon and it traverses long distances in the state of Oregon before it finally joins the parent stream. In addition to stream flow data concerning the Columbia the report contains information concerning the water resources of the coastal streams such as the Rogue, Umpqua and Siletz located in Oregon and the Cedar, Skagit and Cascade which drain into Puget Sound. The stream flow observations presented in this report consist of records obtained at 2[illegible] stations. About one half of the expense of the work is borne by the states of Oregon Washington Idaho and Montana which under the authority of [illegible] by the several legislatures cooperate with the United States geological survey in carrying on the work.

MESCAL THE CURSE OF MEXICO'S LABORERS

T Lane Carter in Engineering Magazine

The greatest curse to the laborers of Mexico is not bad politics, but the natural alcohol drinks tequila and mescal. These drinks are converted from the juice derived from the maguey plant. As long ago as 1848 a distinguished scientist after a careful analysis of tequila and the determination of a harmful oil in the beverage along with an unusually high percentage of alcohol, stated that the race which persisted in using this drink would in time disappear. Historians have suggested that the mysterious and complete annihilation of the Toltecs about the year 1000 A. D was probably due to their excessive use of such a liquor.

The drink has spread [illegible] Mexico only in the last 40 years. The plant was first extensively grown near the town of Tequila in the state of Jalisco. Today the traveler can travel through thousands of acres given up entirely to the cultivation of this plant. The greatest good that anyone could do in Mexico far greater than the extension of education would be the suppression of the traffic in tequila and mescal. But the trade is in the hands of such strong vested interests and the profits so enormous that it is highly improbable that the peon will be saved from himself and he will go on drinking tequila, getting intoxicated on Sundays and fiestas, crying Viva Libertad. One wishes for the South African law in Mexico, which absolutely forbids the sale of intoxicating liquors to the kaffirs. If tequila was kept from the peons their efficiency would be greatly increased.

HURTING ONE'S FEELINGS

(Copyright 1912 by Laura Jean Libbey)

[illegible] sometimes takes half [illegible] and years of devotion to weld [illegible] a strong friendship. It can take [illegible] a moment often in which a [illegible] word uttered and sever it. Friends are never so tried and true that [illegible] ever take a chance as to whether [illegible] in utterance their feelings can be hurt or not.

It is often surprising to note that people who are so careful in not wounding the feelings of friends often disregard the sensitiveness of their own home folks. The young man who is often the pink of politeness [illegible] yet has been known to answer back flippantly a reproof from his mother—uttering words which stab her gentle heart for many a long day afterward. It does not occur to him that he is anything but polite when he says to his sister abruptly, "Get out of my way. I'm in a hurry." If any young man would treat his sister likewise he would resent it indignantly.

Life is colored entirely by our surroundings and by the people whom we are obliged to associate with day by day. If they are polite and think twice ere they utter an unkind speech it would save a world of heartaches and discouragements.

If a man is diffident why attempt to draw him into a conversation in a crowd knowing if he fails his feelings are wounded. Why tell him harping[illegible] of the faults and follies of those he loves when it only hurts his feelings to be reminded of them? If a young woman fails to win attention from the opposite sex how cruel of the family to keep dinning in her ears that she will be an old maid, that they are sure to always have her on their hands, that no man could possibly get along with her.

The truest example of refinement is to speak no ill to bring pain to another's heart. One may forgive a bodily hurt received at the hands of another but never can one overlook when the feelings have been hurt, crushed by some sneering word or unkind action. Courtesy is not like a garment that can be put on or thrown off at will. True politeness and deep respect for another's feelings is inground in the nature. It is the duty of every parent to see that it is duly recognized in the home among the members of the family. To hurt the feelings of another shows the worst possible breeding.

ANSWERS

THEY CALL HIM "PRINCE."

Dear Miss Libbey: I am 1[illegible] years old and am much in love with a man who is about 40 years of age. I do not know whether he is married or not. Several of my girl friends are also smitten with him. We speak freely to one another about our prince, as we call him. He is manly and polite, has money and power, but is afflicted in a slight degree with the flirting habit. As I am deeply in love with this gentleman I would appreciate your advice very much. Shall I find out if he is married and [illegible] his acquaintance?

PERPLEXED

Leave him alone. He may be [illegible] girls at [illegible]

RIDES BACKWARDS AND FORWARDS

Dear Miss Libbey: I ride the car backward and forward every morning and night to and from my work. As often as I have it there is a good looking man that persists in trying to flirt with me. Now do you think it would be any hurt for me to encourage his attention. From his looks he certainly cannot be anything but a nice man. I have appeared to be indifferent towards him but it is against my own will as I would much like to form his acquaintance. As I have no way to meet him, would it be any great harm to meet him without the formal custom of introduction? I might add that I am a young widow and am myself considered a flirt but not in this case.

SUSPENSE

Certainly there is harm in it. He may be a married man. Flirting is an ordinary thing to do.

HIS LOVE GROWING COLD

Dear Miss Libbey: I'm a married woman of 20 years. I've been married three years to a man three years my senior. I love him very dearly, and when we were married he loved me, I know. But now his love seems to be growing cold. He isn't the same as he was although I don't think he loves another. I treat him nice and I want to have him act toward me as if he loved me with all his heart. The worst of all he doesn't seem to like to stay at home like he ought to. He would rather be out somewhere else just as if my company didn't suit him. He doesn't care for home as he ought. So please tell me what to do. I love this man; he is the only one for me. So please tell me what to do to win him back.

HEARTBROKEN

He probably is deeply interested in some business matter. It isn't fair to expect a man to play the arduous role of lover seven days a week. Try to have some common interest. Why not read a book together in the evening? Arrange to have friends come in to spend an evening at other times. Don't nag; don't fret. Think up some pleasant thing to say to him when he comes home. Try to make the home cheerful and comfortable for him.

With Al. G. Field's Greater Minstrels at the Opera House Saturday next, April 6, Matinee and Night

Suddenly Gouron quieted the valet's complaints with an imperative gesture, and turning into a doorway, listened intently, for, to his sensitive ear, came the music of a great soul.

Forgetful of everything else, Gouron tiptoed his way toward the source of the exquisite harmony, and never stopping to knock, quietly entered. The musician was Renton, poorly clad, terribly housed, he and his sister shivering from the cold, but their hearts warmed and thrilled by the divine music of a genius.

Gouron was great enough to be above the petty jealousies of a lesser artist, and impulsively becoming acquainted with the Rentons and their circumstances, bethought him of a benevolent plan to provide the boy with his—opportunity. Gouron realized that not one person in the audience would probably know him by sight, and his plan was nothing less than to have Renton give his recital.

A hurried change of clothes was ...

HYPNOTISM AND MENTAL TELEPATHY, NEXT WEEK

At the Opera House next Wednesday, Thursday and Friday, matinee daily, the Joseph ... Amusement company will offer for the first time ... the best "The Great Leons" ... startling demonstrations of the occult and hypnotic science.

The amusement loving public of Colorado Springs have not been offered this class of entertainment for four seasons, and it will without doubt meet with great success at the Opera house next week when presented by "The Great Leons."

Their readings are held within full view of the audience, the stage being cleared and left in a bare condition, thus everyone being convinced that there could not be any tricks.

This novel presentation will be offered at popular prices.

On Friday a special matinee will be presented for the ladies only.

Part of Al. G. Field's Greater Minstrels which will be seen at the Opera House, April 6, matinee and night.

WYOMING LIVESTOCK MEN ELECT A NEW PRESIDENT

SHERIDAN, Wyo., April 4.—The Wyoming Livestock association unanimously elected John B. Kendrick president and adjourned last night. Buffalo was chosen for the next meeting place.

WIFE HELPS TO COLLECT $1,000,000 ART GEMS

[illegible] Walker [illegible] of Minneapolis [illegible] his wife has been in New York [illegible] last month and the middle [illegible] every [illegible] time [illegible] search for [illegible] treasures. Mr. Walker is [illegible] that he has secured [illegible] which he intends to take back to his own [illegible] where they can be viewed by the people who do not enjoy the opportunities of the wealthy in seeing the world. Mr. Walker's collection, which he values at $1,000,000, is packed in several of the rooms of his suite at a fashionable hotel. One painting alone is worth $100,000. Mrs. Walker is shown in the lower picture. The one at the top is of a part of the art collection.

NEW YORK TO SPEND ABOUT $1,000,000 FOR FLOWERS

[illegible] New York [illegible]

INEXCUSABLE NOISE

[illegible]

HE HAD REAL HORSE SENSE

From McCall's Magazine.

A certain man living in a New England village [illegible] and [illegible] find him [illegible] the [illegible] square and offered a reward of $[illegible] to anyone who could bring him [illegible]

A half-witted fellow who heard the [illegible] captured [illegible] discovered the [illegible] horse and [illegible] returned it [illegible] and [illegible] the [illegible] bribe.

The owner was surprised at the ease with which his half-witted friend had found the beast, and on passing the $[illegible] he asked:

"[illegible] did you find him?"

[illegible] answer: "Wal, I jist thought to myself where I [illegible] go if I was a hoss, and I went there, and he had."

RECORD PRICE FOR SPUDS

$350 HIGH GRADE upright piano, slightly used, for quick sale, only $[illegible] cash or good terms. P. O. Box [illegible].

HERE IS THE GROCER'S SIDE OF THE STORY

So much has been [illegible] dealers [illegible] selling [illegible] the following [illegible] from a grocer [illegible] April Woman's Home Companion [illegible]

[illegible] "Take coffee at 2[illegible] cents" [illegible] Mrs. Smith [illegible]

Another mistake [illegible] is that cash buys cheaper than credit. At the bargain counter of any and all kinds of merchandise and inferior grades it may, but of staples—no, decidedly no. If you get a staple grocery or meat at less than the regular price, there is something wrong with it.

Again, [illegible] and do not give downweight. I cannot keep Mrs. [illegible] trade. She never kicks at [illegible] overweight on her sugar or meat, and it is impossible to cut meat and sugar [illegible] so finely, but if the scale [illegible] down [illegible] honest weights [illegible]

[illegible]

[illegible] Mr. H[illegible] my husband was not [illegible] this week. I'd like to let my [illegible]

[illegible] customer [illegible] once a [illegible] and gets her credit at [illegible] as everyone else does in [illegible] store. All right, [illegible]

[illegible]

[illegible] It is not the big Cash Store in the center of town on the main street that helps the customer along, it is the little corner grocery in your neighborhood that you have been maligning for not selling you $1 worth of goods for 90 cents.

William H. Davies, recently placed on England's civil pension list with a pension of $250 a year, is probably the first actual tramp in the history of that country to be so honored. Davies is a Welshman by birth and a tramp by preference, having lived the life for many years in this country and in England. He is minus a foot, the result of a stolen train ride. After years of vagabondage he turned his attention to literature and after many bitter disappointments [illegible] He has written [illegible] verse and prose.

NEWSPAPERARCHIVE® NEWSPAPERARCHIVE®

About the Electric Vibrator

Search for the source of your trouble, whether it be falling hair, stomach complaint, rheumatism or something else, and you will probably find faulty, imperfect circulation at the bottom of it. Most any doctor will tell you so.

Correct that circulation. Get your blood to flowing freely and evenly, and you are well, cured, happy—competent and ready for work or play.

That's both common sense and the scientific solution.

The Electric Vibrator will do that thing. We know it will. We can prove it—YOU can prove it. "Try it before you buy it." We are agents for the "New Life" Vibrator.

Our $30 Suits are a Revelation of Style

Every suit showing individual style-points and superior workmanship. The models embrace all the new coat effects in two and three-button cutaways, as well as the always popular plain-tailored coat; skirts are made on straight graceful lines. Materials afford choice of every favored weave, such as imported serges, whipcords, mannish suitings, diagonals and other fancy effects, in all the new colors and black and white........... **$30.00**

Hats for Dress, Afternoon and Street Wear at $6 to $15

Have you seen our display of popular price hats at $6.00 to $15.00? You will be particularly interested in this display of smart shapes and collar effects. See the window display, and by all means see the display on second floor. It is the most attractive lot of hats ever shown in Colorado Springs at the popular price of **$6.00** to **$15.00**

Easter Neckwear & Neckfixings

Lace collars, in fine Venetian and heavy crochet patterns in white and ecru, with square, round and spade backs with long reveres in front. Then the Swiss dutch collars, lace and embroidery trimmed—some with cuffs to match. The shadow lace ruffling for neck and sleeves is extremely good this spring; they come in white, cream and ecru. The Irish lace tabs and bows are here in all the new effects; also the fancy ribbon novelties for the neck, in all the new designs. The new flower novelties for the hair and neck; also the flower and ribbon combinations are all here in the newest spring creations.

Easter Gifts in Bags and Jewelry Novelties

This department is showing many new novelties in bags and jewelry—many new lace bags, also the new Quaker bags, new jewelry novelties in the bar pins, veil pins, hat pins, slipper buckles and many other new novelties.

Majestic THEATRE

FEATURES FOR FRIDAY

Gaumont's Animated Weekly
(BETTER THAN A NEWSPAPER)

There are more live and interesting subjects shown in this reel than ever before, among them are the following: "Latest Fashions for Ladies from Paris," "A Real Feather Foundry," "The Miners' Meet," "Labor Leaders Holding a Conference in Pittsburg."

ALSO "THE HILLSVILLE, VA., OUTLAWS"
(Then there's a Majestic)

"OPPORTUNITY"

And you bet it's a good one. (a Republic)

"HUMAN NATURE"

And that's good, also two more
And they're good, then there's the music
And that's good, and there's the price
5 CENTS THAT'S ALL
